

In Line Volume Control

1 Volume Changer
 Easily adjust volume level of your connected device. Turn left for down and right for up.

2 Fixing Wings
 Securely mount the Volume Control using the in-built fixing wings. Supplied with fixing screws.

Options

3 3.5mm Jack
 Connect to your chosen device using the 3.5mm Jack option.

4 6.35mm Jack
 Connect to your chosen device using the 6.35mm Jack option.

Technical Information

Works perfectly with our range of SoundClip, VideoClip and Open Frame Screens. Simply plug one end into your audio out port, and the other into your headphone or handset.

Note: This is a low level audio control and cannot be used to direct drive speakers.

The In-Line Volume Control can be purchased as a Fixing Mount or Panel Mount and with a 3.5mm (1/8inch) or 6.35mm (1/4inch) stereo jack. Please call blackbox-av if you require customisation of these connections.
