Outdoor Mediascreen

22/32/43/49/55/65"

- 1 Ultra High Brightness**
 The Display uses Ultra High Brightness panels (2500cd/m²) more than 8 times brighter than a standard LCD panel to allow easy readability in direct sunlight.
 - 2 Vandal Proof**
 The outer casing is made from mild steel along with thermally toughened glass. Controls and openings are locked and inaccessible to users.
Weatherproof
 An IP65 rating means the unit is protected from all wet weather conditions and is dust-proof.
 - 3 Anti-Reflective Glass**
 The glass frontage is anti-reflective to help defuse direct sunlight and improve display clarity.
 - 4 Landscape or Portrait**
 Mount in either landscape or portrait orientation. The screen is supplied with a wall mounting bracket.
 - ✓ In-built Android Player**
 The HD Android media player allows you to create simple media playlists. Content is uploaded via USB.
 - ✓ Smart Temperature Control System**
 Using an advanced Air Con system, the unit manages internal temperatures to ensure a maximum lifespan.
- ### Options
- ✓ Remote CMS Upgrade**
 Access your display remotely via LAN, WiFi with the Network Upgrade. Allows the management of content via an online CMS system. Contact for more info.
 - ✓ Third Party Media Player**
 Power the screen with a 3rd party media player stored inside an available lockable compartment. This can then be connected to the display via HDMI, VGA or 3.5mm audio inputs.
