## Outdoor Touchscreen Display

22/32/43/49/55/65"

- 1 Ultra High Brightness**  
The Display uses Ultra High Brightness panels (2500cd/m<sup>2</sup>) more than 8 times brighter than a standard LCD panel to allow easy readability in direct sunlight.
  - 2 Vandal Proof**  
The outer casing is made from mild steel along with thermally toughened glass. Controls and openings are locked and inaccessible to users.
  - 3 Anti-Reflective Glass**  
The glass frontage is anti-reflective to help defuse direct sunlight and improve display clarity.
  - 4 Landscape or Portrait**  
Mount in either landscape or portrait orientation. The screen is supplied with a wall mounting bracket.
  - 5 Third Party Media Player**  
Power the screen with a 3rd party media player stored inside an available lockable compartment (HDMI, VGA or 3.5mm inputs available).
- ✓ In-built Android Player**  
The HD Android media player allows you to create simple media playlists. Content is uploaded via USB.
  - ✓ Smart Temperature Control System**  
Using an advanced Air Con system, the unit manages internal temperatures to ensure a maximum lifespan.
- Options**
- ✓ Remote CMS Upgrade**  
Access your display remotely via LAN, WiFi or 4G with the Network Upgrade. Allows the management of content via an online CMS system. Contact for more info.
  - ✓ Windows PC Upgrade**  
Upgrade to utilise our powerful i7 BBPC - run any Windows compatible touchscreen applications with ease. The PC is stored within an available secure compartment.
  - ✓ Lightbox 3 Compatible**  
Compatible with our interactive software package, Lightbox 3. Users can interact with fun games or browse information in a highly customised fashion.
